Event overview

April 15, 2025

3:30 pm to 5:00 pm

If you're in grades 5 to 7 and are interested in getting your craft on this spring, join us for a casual crafting program that will include a number of spring-themed activities for you to try with friends. We'll have music and light snacks, and you can stay and craft for as little or as long as you and your friends would like.

Registration is not required. To save the date of this program in your calendar, you can select the calendar icon at the bottom of this page and then select your preferred calendar platform.
