Event overview

July 26, 2025

10:00 am to 12:00 pm

Let's have fun building with Lego and Keva! Join other builders for two hours of imaginative free play. All supplies will be available for use in the program room, and children can create any structure that sparks their interest. Lego challenge cards will be available for use.

For children in grades 1-4.

Children must be supervised by an adult. As Lego pieces are very small, for safety concerns, we strongly recommend that babies and toddlers refrain from using the program room.

This is a drop-in program, and no registration is necessary. Space is limited.
