Event overview

July 31, 2025

4:00 pm to 5:00 pm

This program is for children in grades 3 - 5

Explore how 3D design can help protect our planet! In this workshop, you will use TinkerCAD to create different computer-aided design models to express your creativity. Discover how engineers use design concepts inspired by our own natural environments!

Please note that parents or caregivers of children under the age of 10 must remain in the library during this program.
