Event overview

Online event

October 23, 2025

7:00 pm to 8:30 pm

What are ChatGPT, Claude, and Gemini? How can you use these or other Artificial Intelligence platforms for work? In this class, we'll introduce you to generative AI, some popular platforms and applications and how to use them to produce documents and correspondence for business. We'll discuss safety and privacy, how to create good prompts, and how to refine requests.

Please feel free to bring a device to follow along with.

This is a hybrid program; attend in person or via Zoom. Links will be sent to the email address used to register. Registration is recommended, but drop-in is permitted while there is space. Limited space for in person attendance. Each person must register individually.
