Event overview

November 5, 2025

7:00 pm to 8:00 pm

Join us for an overview of how to record video in the library's recording station ([there is a separate tour for audio](#)). We will show you how to set up the room and get started with the camcorder/equipment, and provide an overview of the video editing software. We will also show you how to book the room.

All registrants must have a valid library card. Registration is recommended, but dropping in will be possible if space permits.

Due to the space limitations of the Recording Station, we can admit only three patrons in each session. We also have [video production handouts and tutorials](#) (via LinkedIn Learning).
