Did you know that cancer screening is meant for when you're feeling healthy with no symptoms? Join BC Cancer for a talk on cancer screening and prevention.

Learn about BC's four screening programs: breast, cervix, colon, and lung. Get free resources, play prevention trivia, and receive fun prizes! On-site mammogram bookings and cervix self-screening kits will be available for those eligible. Whether for yourself or to support loved ones, this is a great opportunity to take charge of your health.

Registration is recommended, but drop-ins will be allowed if space permits.
