Event overview

April 8, 2026

6:30 pm to 8:30 pm

Please note: this program is intended for adults and is not designed for children

Are you a childcare provider, or early childhood educator, curious about creating a circletime that is sensory friendly? The library is continuing our Circletime Success workshop series with this special workshop for caretakers of young children between the ages of 0 to 5. In this workshop, we will explore a variety of strategies and tips to making a circletime more sensory friendly. We'll also practice and share stories, rhymes and songs that work well for children with different sensory needs, and create a felt story that reinforces the benefits of routines in the household. Registrants will also be given a take-home book for your personal library.

All supplies are provided for participants by the library, along with a printed certificate of completion at the end. Light refreshments will be served.

If you have questions, please reach out to the library at info@nvcl.ca or call 604-998-3540
