Event overview

April 17, 2026

10:30 am to 12:00 pm

Cameras, and the software to work with the images they capture, have seen big improvements in the last few years. Have you stayed up to date? Come to this class to learn some tips and tricks for taking great shots with your smartphone. We'll also talk about how to share and back up your pictures, the basics of photo editing, and photo management across devices.

Registration is recommended, but drop in while space permits. Individual registration only.
