Event overview

March 20, 2024

2:00 pm to 3:00 pm

It's time to get messy! You and your child will enjoy experimenting with different states of matter by creating a non-Newtonian fluid, also known as oobleck. In addition to making and playing with oobleck, we'll create a take-home version of slime (that's less messy) to continue the fun and learning.

This program is designed for kids in grades 1 to 4. A parent or guardian (older than 10) must attend with the registered child.

Space is limited for this popular program! If you have questions, please email info@nvcl.ca.

Registration Details:

- Please register once under the name of the caregiver attending
- When asked how many people you will bring, select the number of children in attendance (maximum 2)
- Please include the names of the children attending in the appropriate registration field
