6:30 pm to 7:30 pm

Want to start a veggie patch this year but don't know where to start? Are the seed selections at your local nursery exciting but also overwhelming? Join us for a beginner-friendly seed-starting workshop!

You'll gain a complete overview of what you need to know to get your seeds started in the spring for a successful growing season. Learn about when to start seeds, what equipment you'll need, and how to care for your newly sprouted seedlings.

This program is presented in partnership with the Edible Garden Project.

Registration is requested, but drop-ins may be allowed if space permits.
