

Device clinics

Register for a device clinic with TechConnect staff. Bring in your smartphone, tablet or e-reader to get basic troubleshooting advice. You can ask questions about technology or work through our computer basics and online learning resources.

There are a maximum of four people per clinic.

Call [604-998-3471](tel:604-998-3471) or check the [calendar](#) for upcoming dates.

Device clinics for seniors

Seniors can connect with library staff for basic tech help with smartphones, laptops, e-readers or other digital devices. This safe, self-paced learning environment is ideal for practising keyboarding and mouse skills or for trying out new technology skills.
