

Learning & resources

There's lots to learn about technology and digital media and City Library is your place to preserve, record, edit, play and explore! Record your podcast or start a sound mixing project in the recording studio. Drop-in to a device clinic to get help using your new smartphone, or program a robot in the Collaboratory.

Have a research question or need help with a project? Visit any information desk, or start the conversation at info@nvcl.ca.

Technology and training

[Technology access](#)

Learn how to use an iPad or borrow Chromebook for a school assignment. The library also has workshops on coding and robotics to help make digital literacy accessible for all.

[The Collaboratory](#)

The Collaboratory is a digital learning space for all ages. Here you'll find classes, workshops and drop-in sessions on current and emerging technology to help you build your digital skills and inspire your creativity!

[Help with technology](#)

Schedule a one-on-one appointment with library staff, or join a drop-in device clinic to get help with your computer or smartphone. The library also offers free technology classes on software like Excel, Google Workspace and more.

[Digitization station](#)

Digitize your analog collection and older media files at the library! We can help you digitize everything from cassette tapes, vinyl records, slides and negatives, 8mm and Super 8 film and lots more.

[Digital library](#)

Explore the library's vast digital resources like LinkedIn Learning or Creative Bug or discover ways to access ebooks and audiobooks from home.

[Recording station](#)

Produce your next project at the library in our 10x14 sound-baffled recording studio. Work on your podcast or TikTok stream with industry-standard equipment and software like Pro Tools and Premiere.

[Community resources](#)

North Shore Community Resources develops information and referrals about family, seniors and caregiver programs, legal and advocacy services and volunteer opportunities.

[Neighbourhood info](#)

Explore all the North Shore has to offer with the Culture Compass, a digital database and interactive map of public art, festivals, Squamish and Tsleil-Waututh heritage sites and lots more.

[Local history](#)

The Museum and Archives of North Vancouver, MONOVA, is a great starting point for learning the local history and stories of the North Shore.
