City Library co-hosting exhibition: "What the future wants"

Published: October 3, 2026

Categories: Events

What the Future Wants: Debut Exhibition is an interactive youth-focused exhibition that presents different perspectives on technology, from the personal to the political to the planetary.

Co-developed with 200 people between the ages of 13 and 18, the exhibition explores key questions at the core of young people’s digital experience: What is it like to grow up in a digital world? How does it impact you? In your digital future, what would you like to change and what would you like to protect?

This exhibit will take place in City Library's Collaboratory on the 3rd floor, Oct. 9 – 30.

If you can't visit the library in person, you can experience some of the exhibit by visiting these webpages:
